BAY STATE CIRCUIT MEETINGS

BEPORT BIG ENTRY LISTS

Just because big entry lists have been White Sox from Minneapolis, paralleled the feat of Addie Joss hurling against Ed walsh, of Chicago, October 2, 1998, Rob-State Circuit meeting should have fared as well in their early closing events, en-tries to which were made early last week. Every meeting in the circut re-ports every class filled, although the first and last meets did not receive such a

large list as the others.

The honor of obtaining the highest average in the circuit goes to the Northampton meetings, which, by the way, can be called the "veteran member" of the circuit because President David H. Mulcahy and associates have seen that a meeting has been given there every year since the formation of the chain. Northampton pulled out with 183 entries in eight classes, but right on her heels was Springfield with 177 in the same number of events closely followed by Greenfield, with 166, also in the same number. Windsor as usual, received a bumper entry, 207 nominations being CUBS IN BATTING BEE

OPPOST KACEYS NEXT SUNDAY The Kacey baseball season opens next

Sunday with the West Ends of Bridge-port, a team which is rated as one of the fastest semi-pro teams in the state. The
West Ends take the place of the Singers
who have quit baseball for the time being. This team is, in fact, composed
entirely of former Singer players. The
Singers were always a drawing card in
Norwich and this game should draw an equally large attendance. The roster of the West Ends includes Pete Wilson and Lippack, pitchers, O'Connell, catcher, Clark first base, Hockheimer short stop, Jim McCarthy, second base, Bowden third base, Johnson, Maloney and Splain

outfielders.

Manager Bill O'Leary of the local team is not yet ready to announce his lineup as it is not quite complete. How-eyer, it can be said with assurance that the team that makes its initial appearance at the fairgrounds next week will be the equal of any team that has represented the local council. Manager Bill has also booked some of the strongest teams in Connecticut, Massachusetts and Rhode Island, for games during the next five months, and the public can rest assured that they will see a fast baseball as anywhere in the state.

A Better Car from the Buyer's Angle

To build at a modest price, a four-cylinder car that would instantly be accepted as a better standard of quality and performance—that, in a nut shell, is the aim of the Oldsmobile Four.

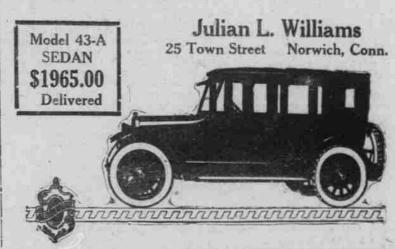

We may also say, now, the achievement. For its enthusiastic reception by the more thoughtful, proves how right we were in the idea and in its execution

See this Oldsmobile. Ride in the car. Drive it yourself. Try its speed and comfort on good or bad roads. Try its handiness in the maze of the traffic-driving or parking.
